SUMMARY

Motivated and detail-oriented IT graduate with hands-on project experience in full-stack web development using the MERN stack. Passionate about creating responsive, user-friendly applications and learning modern technologies. Familiar with building RESTful APIs, implementing authentication, and using React for dynamic frontends. Eager to contribute and grow in a full-stack developer role.

SKILLS

Programming Languages: C++, C#, PHP, JavaScript
Web Development: HTML5, CSS3, Node.js, React, EJS, Angular, Flutter
Frameworks & Tools: Express.js, ASP.NET MVC, REST APIs, Visual Studio, VS Code, Git
Databases: MySQL, MongoDB, SQL Server
Soft Skills: Problem-solving, Teamwork,Critical Thinking, Leadership, Communication, Time Management

EDUCATION

Master of Science in Information Technology
Charotar University of Science and Technology (CHARUSAT), Gujarat **2024 – Pursuing**
SGPA: 7.93

Bachelor of Science in Information Technology
Charotar University of Science and Technology (CHARUSAT), Gujarat **2020 – 2023**
CGPA: 8.12

PROJECTS

Airbnb Clone **Jan 2025 – May 2025**
[Project Link]

- Developed a full-stack rental booking app using Node.js, Express, EJS, and MongoDB (Mongoose).
- Implemented user authentication with Passport.js and session-based route protection.
- Created dynamic views for listings, dashboards, and booking with clean MVC architecture.
- Ensured data persistence, UI responsiveness, and scalable code organization.

Online E-Birth Registration System **Jun 2024 – Aug 2024**

- Developed a web-based platform for online birth certificate registration and management using PHP and MySQL.
- Implemented secure user registration/login, admin dashboard, form validations, and certificate generation features.
- Enabled real-time status tracking and approval workflows for birth applications by municipality administrators.
- Designed a responsive and user-friendly interface for applicants and admin using HTML, CSS, and JavaScript.

Portfolio Website **Sep 2023 – Dec 2023**
[Portfolio]

- Developed a responsive and interactive personal portfolio website to showcase projects, skills, and resume using React and Bootstrap.
- Integrated animated typing effects and particle backgrounds for enhanced user engagement.
- Implemented seamless navigation using React Router across Home, About, Projects, Resume, and Contact pages.
- Optimized development performance with Vite for fast bundling and hot module replacement.

CERTIFICATIONS

MERN-Stack Internship – Creart Solutions Company **May 2025 – June 2025**
Full-Stack Internship – Edureka **Jun 2023 – Aug 2023**
